## **Invitation to the Public to Comment on The draft Second Tanzania Open Government Action Plan Deadline: 30 May, 2014**

The Open Government Partnership (OGP), is a multinational initiative to promote transparency, empower citizens, fight corruption, and harness new technologies to strengthen governance. In pursuit of these goals, OGP provides an international forum for dialogue and sharing among governments, civil society organizations, and the private sector who share values of open government.

The OGP was launched in New York on September 20, 2011 by US President Barack Obama and President Dilma Rousseff of Brazil. Under the leadership of President Dr. Jakaya M. Kikwete, Tanzania joined the OGP in September 2011. The government generated and implemented the first Action Plan (2012/2013). Government Self-Assessment Report is available on OGP website [www.opengov.go.tz](http://www.opengov.go.tz). Tanzania was also assessed by an independent mechanism. The Independent Reporting Mechanism published its report for Tanzania which can also be found online.
